NOTE: The margins of dumping reported in the above table are the margins determined by the CBSA for purposes of the final determination of dumping. These margins do not reflect the amount of anti-dumping duty to be levied on future importations of dumped goods. In the event of an injury finding by the Tribunal, normal values and amounts of subsidy have been provided to the exporters that provided sufficient information for future shipments to Canada and these normal values and amounts of subsidy would come into effect the day after an injury finding. Information regarding normal values and amounts of subsidy should be obtained from the exporter. Imports from exporters that did not provide complete information to the CBSA during the dumping investigation and who are not listed in the above table will be subject to the all other exporters anti-dumping duty rate of 37.4%, expressed as a percentage of the export price, pursuant to a ministerial specification.

Imports from exporters located in India, Indonesia and Vietnam that did not provide complete information to the CBSA during the subsidy investigation and who are not listed in the above table will also be subject to a countervailing duty rate of 39,443 Indian rupee, 6,578,792 Indonesian Rupiah and 4,722,664 Vietnamese dong per metric tonne respectively, pursuant to a ministerial specification.

Please check the [SIMA Self-Assessment Guide](#) for more detailed information explaining how to determine the amount of SIMA duties owing.
